Re: Software Developer

Hi,

I wish to express my interest in joining your team as Software Developer.

I look forward to bringing my knowledge and experience such a reputed organisation as AKVA group, which will assist in exploring my capabilities to the maximum.

I developed particularly strong analytical and communication skills, which would be beneficial to your company. My major strengths are dedication to completing assigned tasks, ability to work independent as well as in a team. My ability to work under high-pressured, deadline driven environment while maintaining focus on Quality and attention to detail is a distinct attribute of mine.

I believe my education and experience justifies the role of Software Developer within your organisation. Further details of my experience and achievements can be obtained from my CV (as attached).

I would welcome the opportunity to discuss about the job vacancy. I can be contacted easily on my mobile or via e-mail (For details kindly refer to the top of this letter).

Yours Sincerely,

Lohita Pallanti.
